

LONDON INSTRUMENT PROGRAM FOR SCHOOLS (LIPS) from Restore The Music UK and UCanPlay

UCan Play is a not-for-profit company that lets independent schools buy musical instruments at lower prices, while sharing the profit to support music education across the UK.

Independent schools, along with their staff and students, can all buy musical equipment at preferential prices, below the RRP.

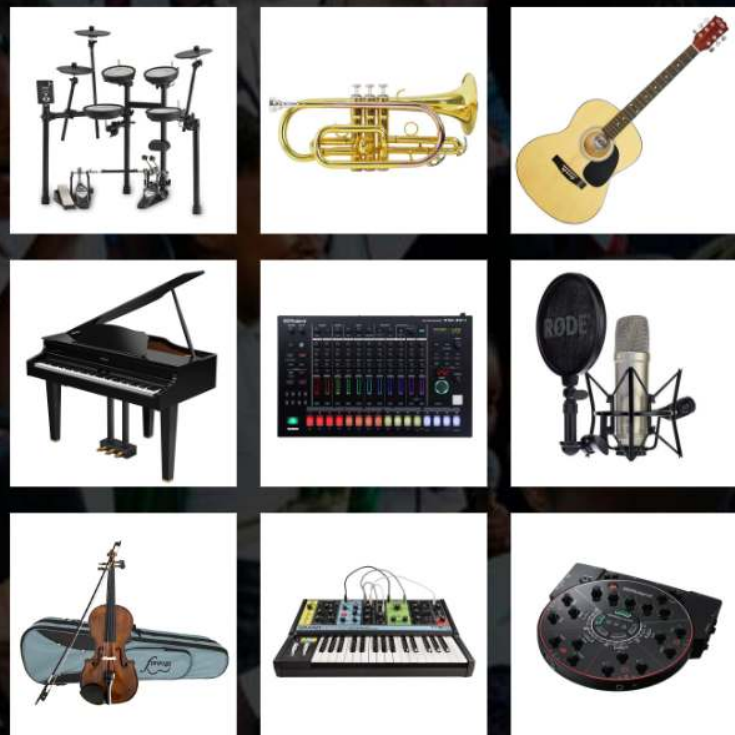

Just go to <https://shop.ucanplay.org.uk> or email UCanPlay Managing Director, Dr Jonathan Savage.

The website displays a small selection of what is currently available, but any musical instrument from any brand can be sourced.

Email jonathan@ucanplay.org.uk or phone 07825 522 104 to place the order.

When you buy musical equipment or accessories through the LIPS program, UCan Play will donate 50% of the profit to **RESTORE THE MUSIC UK** - the UK's leading charity for the support and funding of music education in state schools in London.

This applies to any musical equipment, large or small.
